**THE NIGHT NURSE A HITCHCOCK INSPIRED UNDERRATED HORROR SHOOT.**

**I**t was a night like so many others when the Night Nurse started her shift at the Hollowhalls Psychiatric Institution. Frankly the place creeped her out, but the lucrative penalty rates for working the night shift were worth putting up with the discomfort and many inconveniences of such an old building. The Victorian Era Asylum was long overdue for a major over-haul, but the demand for places to put the criminally insane meant that would not be happening any time soon!

Picking up her clipboard she went through the wards checking that the Meds dispensed earlier had kicked in, and those considered low risk were comfortably settled for the night.

Next she went from door to door to assure herself nothing untoward was likely to occur in the locked cells of the High Risk inmates. She was pleased to see that, for once, she was not met by the blazing stare that so often disconcerted her! Tonight, he was huddled in foetal position under his blanket with his face to

the wall, instead of pacing and muttering, or, worse still barking orders at her as if he was still a respected doctor and she a Nurse on his staff!

Dealing with him was always upsetting! Whenever she had occasion to speak to him in his more rational moments his eyes were mocking, he tried to quiz her on her medical knowledge or draw her into giving an opinion on the Medications and treatments being administered to other patients by the resident Doctor! As if he was still competent to practice

after what he had done! She had long learned not to engage him in conversation! The long-instilled habit of deferring to Doctors was too hard to shake, and he sometimes had managed to get her to obey a brisk order from him and then smirked knowingly at her as he saw her shock that she had just done so!

As the nightily silence descended she made her way back to her station, eager to settle down with a nice hot cup of tea and a few chapters of the enthralling Novel she was reading. The peace wouldn't last! It never did! But as

she returned from the kitchenette and took that first comforting sip she had hopes she would not be disturbed till she had finished her cuppa at least!

A searing pain at the base of her neck and a black gloved hand clamping across her mouth and sealing her nose shut put an end to that hope!

When she came to she was strapped to a commode chair and being wheeled down the corridor. She screamed but no one came! Screams in the night were all too common on her ward!

"Please!" she begged "Don't

hurt me!"

"Of course, I won't hurt you! Said that all too familiar voice "We are just going to play a little game of Doctors and Nurses.....!"
